LAB FINAL

SWE 4502

Report

Adib Sakhawat

210042106

BSc in Software Engineering

Dept of Computer Science and Engineering

21 March 2025

Command Pattern

It is used for command execution, Undo Redo management and Lagging of Commands.

Prototype Pattern

It is used for Issue to have prototype that stores the current state of an issue.

Mediator Pattern

It is used for connecting between User and Issue for Notification

I think only these patterns are used.
